PRESTIGE SOLUTIONS

Smart engineering. Satisfying performance. Prestige has built its respected name on providing car owners with what they want most: vehicle security with the power to protect and remote start solutions that drive convenience. With quality engineering that assures reliability and innovative thinking that advances technology, Prestige provides your customers with a complete value package. And that's not all. Audiovox backs it all up with profitable dealer programs in addition to ironclad product warranties. These are the advantages, and many more, that make – and keep! – Audiovox number one.

Never complacent, Prestige also drives winning performance at retail. A variety of marketing and merchandising tools that capture attention and convey hard-hitting benefits.

Add additional accessories to enhance the security or remote start system and increase your profits. For a complete listing of our security and remote start accessories, see our full line Accessory Catalog.

Prestige by Audiovox. The name says it all.

FLASHLOGIC

FlashLogic Transponder & Door Lock Interface Kits. Many vehicles utilize a factory "immobilizer" code to help deter vehicle theft. This product is designed to reproduce this "special code" to allow the vehicle to use a Remote Start System.

Prestige security and remote start systems just got a whole lot slicker. Our newly upgraded SS product series features a family of authentic metal chrome transmitters that look as cool as they work. And with an operating range of up to 1 mile – plus, rugged durability that takes a beating – there's smarts behind the sizzle. Beauty and brains combined.
